GENERAL REPORT ON THE LOCAL GOVERNMENT AUDIT OUTCOMES

The information and insights presented in this flagship publication of my office are aimed at empowering oversight structures and executive leaders to focus on those issues that will result in reliable financial statements, credible reporting on service delivery and compliance with key legislation.

I wish to thank the audit teams from my office and the audit firms that assisted with the auditing of local government for their diligent efforts towards fulfilling our constitutional mandate and the manner in which they continue to strengthen cooperation with the leadership of government.
